IPOPHL GI Deficiency Notices, Response Letters, and Extension Requests

This document contains synthetic but IPOPHL-aligned datasets specifically focused on deficiency notice compliance management for Geographical Indication (GI) applications. The structure mirrors documentary evidence typically requested during IPOPHL examination procedures, including: Deficiency notices issued by IPOPHL Applicant response letters Requests for extension of time Compliance tracking logs Supporting evidence references All entries were modeled after IPOPHL procedural requirements and realistic GI documentation workflows.

Dataset 1: Deficiency Notice Registry

Notice ID	Issue Date	Deficiency Category	Required Action	Deadline	Status
DN-001	2025-01-09	Insufficient Scientific Evidence	Provide SCA cupping standards	2025-03-10	Under Review
DN-002	2025-01-13	Insufficient Scientific Evidence	Submit updated consultation records	2025-03-14	Resolved
DN-003	2025-01-17	Insufficient Scientific Evidence	Upload GIS and municipal boundary maps	2025-03-18	Complied
DN-004	2025-01-21	Need Additional LGU Certification	Provide SCA cupping standards	2025-03-22	Under Review
DN-005	2025-01-25	Insufficient Scientific Evidence	Revise GI labeling format	2025-03-26	Resolved
DN-006	2025-01-29	Insufficient Scientific Evidence	Provide SCA cupping standards	2025-03-30	Resolved
DN-007	2025-02-02	Missing Farm Registry	Provide SCA cupping standards	2025-04-03	Under Review
DN-008	2025-02-06	Packaging Label Inconsistency	Revise GI labeling format	2025-04-07	Resolved
DN-009	2025-02-10	Missing Farm Registry	Submit updated consultation records	2025-04-11	Complied
